I ask that the Parliamentary Committee reject this Bad Abortion Bill for what it is worth and that is just killing innocent babies in the cruelest fashion that one can imagine by dragging bits of them at a time from the mothers womb. Tearing them limb by limb at a time while they are alive!! How in humane can you get? This butchery at its best. Please I beg of you to put a stop to this practise? And yes I have seen the videos of how its done wight here in the southern states of Australia; absolutely disgusting!!
