To whom it may concern,

I ask that the health committee oppose the bill of abortion.

Abortion is such a wicked thing, I cannot see how anyone could believe that since a baby is just inside someones stomach it is not living. It makes absolutely so sense at all. A baby is living whether it is inside the stomach, or outside of the stomach.

I don't see why people are trying to make killing babies legal. It should be just as illegal as killing the baby the day it's born.

I oppose against the bill, please do it with me.
