Subject: My opposition to second Pyne abortion bill
Date: Thursday, 29 September 2016 11:54:12 AM

Dear State Parliament Health Committee Members,

Previously, I objected to the first Pyne abortion bill, sending the review committee a submission outlining objections to the terms of the bill.

I object also to the second draft Pyne abortion bill for much the same reasons. I object to it in the strongest possible terms.

I respectfully ask the Committee to recommend it be rejected with there to be no further attempt to re-introduce it.

Please note I also have signed the on-line petition against the draft Bill, and respectfully ask that the Committee honour the petitioners' objection to the draft Bill.

Sincerely yours,
Allen Hibberd
