To the State Health Committee,

Thank you for your ongoing service to our state and our local community.

I wish to convey to you my extreme concern with the Late Term Abortion Bill which has been introduced before parliament for a second time by Mr Pyne. Without seeking to be inflammatory, my overwhelming position is that this bill is extremely dangerous, treating the life of an unborn baby with casual abandon. I find the proposition that a child could be terminated up until the due date of birth, when that child has developed an independent heart beat amongst all other functions, to be absolutely abhorrent and I implore you to use all of your influence to stand in strong opposition to this bill.

No doubt this is a sensitive issue and one which I am supportive of a mature community conversation and response, however the bill put forward by Mr Pyne is unacceptable and shows complete disregard for the value of a human life.

I plead with you not to allow the introduction of this bill into law in our State!

Thank you for your time.

Regards,

Nicholas Emery
