To our honorable politicians

I am deeply concerned at the direction that Cairns MP Rob Pyne is trying to take us with his late term abortion proposed bills. In law if a person causes the accidental death of a foetus then they can be charged with man slaughter. My Pyne's bill completely ignores the rights of the child in this matter. I would not like to be the doctor charged with terminating the life of a full term (or any term child for that matter) baby. I know that political correctness doesn't like this language but as far as myself and all my friends are concerned this is just a bill to entitle the murder of innocent lives. It is bad politics and should be vigorously voted against by anyone who has any conscience at all. Abortion must never be relegated to the province of one person because we are talking about more than one person here. Rulers of this land should be just about this and standup for the helpless and vulnerable. Vote NO to this horrific bill which would label us as unintelligent, unfeeling barbarians.

Please stand up and be counted on this issue and protect the right to life of the unborn child. Yours sincerely, Christopher I Ganter.
