Dear Honourable Members,

I am writing with great concern upon hearing that Hon. C Pyne has put forward another Abortion Bill No. 2.

I ask that you reject totally this new Bill.

It is abhorrent to me that anyone would consider murdering a child in the womb.

Research has shown that not only does the baby suffer during an abortion but the mother suffers long term affects.

I ask that you reject this Bill.

Sincerely yours,

Colin W Kirton
