Subject: Objection to dangerous NEW abortion bill proposed by Cairns MP Rob Pyne.
Date: Thursday, 29 September 2016 7:55:20 PM

To the **Queensland Parliamentary Committee** considering the second abortion bill proposed by Cairns MP Rob Pyne:

I strongly object to MP Rob Pyne's latest abortion bill that allows for abortion until birth for viable babies and removes protection for Queensland women and babies.

Prohibiting peaceful prayer and protests outside *for-profit clinics* in a democratic society shuts down free speech and is tyrannical.

For two abortionists (doctors) at a for-profit clinic to sign off on abortion-to-birth masks the real issue!

Mr Pyne's latest bill makes a mockery of civil society's desire to protect the sanctity of life in the womb up until birth. His latest bill also omits access to ultrasound technology to view the unborn baby, any recommendation for counselling, cooling off periods and does not respect the rights of doctors and nurses not to participate in abortion.

The Parliamentary inquiry heard evidence of babies being born alive after failed abortions and left to die, some gasping for breath! A life outside the womb no matter how premature, should at all costs be given *every chance* to survive using *every* medical means possible.

I urge the committee not to pass this cruel and diabolical bill.

Yours sincerely,

Brenton Nicholls
