---

Who wants to kill baby's, Human Baby's.  
We can't kill baby anything legally in Australia.  
Save the cats, save the dogs, save the flying foxes,  
but lets make it legal to kill / murder children.  
What kind of Australian society do we live in?  
Humans are far more worth than animals.  
There is a Supreme Sovereign GOD who forms  
children in the womb.  
By killing unborn children you are saying lets get rid of the creator.  
GOD has always been, is and always will be.  
On that great day of Judgement when everyone stands before  
GOD, What will the people say that passed a law to make it  
legal to murder unborn children.  
We are far more worthy of life than animals.  
I SAY NO to this idiotic bill that Warren Entsch has started.  
NO to Abortion. No to Murder. No to Child Sacrafice.  
Regards .....steve cruickshank ><)))">
