As a concerned mother, grandmother and former teacher I urge you to reject Rob Pyne's abortion bill.

This bill allows for abortion until birth for viable babies and removes protection for Queensland women and babies.

I am particularly concerned with the premise that 'A woman does not commit an offence be performing, consenting to or assisting in an abortion on herself.'

Surely this is a step backwards to the dark ages.

Women who are distressed by their circumstances need counselling and help by trained professionals.

The law as it stands is sufficient.

Yours faithfully,

Ronda Roy
