To whom it may concern,

I object to the new abortion bill presented by Cairns MP Rob Pyne as being harmful to the physical and mental health of both women and unborn children.

Removing the current safe guards that are in position will allow for the abortion of viable babies up until birth and encourage women to perform dangerous abortions on themselves without proper guidance, counselling and medial assistance. It will also impinge on this country's right to religious freedom by forcing doctors and nurses to perform and assist in abortions in certain circumstances.

Please consider the lives and health of Queensland's women, girls and unborn children and do not allow this bill to pass .

Sincerely,
Vicky Langguth
