Subject: Please REJECT Rob Pyne's 2nd Abortion Bill
Date: Friday, 30 September 2016 1:33:52 PM

Good afternoon, honourable Committee Members.

I am writing to you (via my daughter's email address) as I totally DISAGREE with this proposed Bill. It does nothing to "improve" the current legislation. I believe abortion is murder. It is certainly murder when a child ready to be born is aborted. No-one has ever been charged under the present law despite the high volume of abortions already performed. It should not be decriminalized as this would only increase the number of abortions performed.

This proposed Bill does nothing to protect mother or the defenceless child. It does nothing to support pregnant mothers with counselling. It makes it impossible for counsellors or doctors to speak with a mother considering abortion as the only option, because of its "exclusion zone".

PLEASE REJECT IT WHEN IT IS PRESENTED FOR YOUR VOTES.

Thank you.

Sincerely
Marija Andreis.
