Subject: My objection to this bill
Date: Friday, 30 September 2016 8:17:36 PM

To whom it may concern,

I oppose the proposal to allow abortions after 24 weeks of pregnancy. Babies have an increasing rate of survival at this age. They are viable. This bill would remove protection for both women and babies.

Freedom of choice should not be greater than the value of life with the irreversibility of death.
