Dear Health Committee,

As a Queensland resident and voter I am deeply concerned about the proposed Bill to allow pregnancy termination late in the term of pregnancy.

I fail to see why this is even being considered. There is plenty of time for earlier consideration of the abortion option.

Late term in the pregnancy there is a formed baby capable of a living delivery. I find the termination of this life very disturbing.

There must be a point at which the unborn baby has rights to be legally considered and protected.

Yours sincerely,

Rob Nicholls,
