Dear Sir/s

How are we still breathing while we propose outrageous bills like this. This is nothing but a bill giving permission to murder numerous lives of unborn children. How do we as a nation sleep at night.

I am absolutely amazed that in a time where the world is supposedly smart we are so dumb and stupid not to realise we are killing our sons and daughters off, wheres the smarts in that?

Please reconsider for the sake of the unborn, or at least give the women full information about abortion and what they do so they can make an informed decision and be able to live with that decision should they choose.
