Subject: STOP Abortions in QLD!
Date: Saturday, 1 October 2016 7:49:13 AM

To Whom it May Concern

I feel so strongly about this issue. We have no right to abort a baby at any stage of development. It is so hypocritical to abort babies on one hand and then spends thousands of dollars saving the lives of premature babies.

We need to stand against anyone who wants to legalise abortion even further along than what it is at present.

NO baby deserves to be aborted at any stage of development, and not have a chance at life.

Mothers also suffer physically, emotionally and spiritually, often for the rest of their lives. Fathers and other family members are given no consideration when a baby is aborted.

Please do not pass this bill in Queensland.
