Please refrain from passing the abortion bill being introduced by Rob Payne for the following reasons:-

1. It is murder allowing a foetus to die.
2. A foetus is a living being from conception.
3. Medical science is reducing the pregnancy stage at which it is possible to save a life if there's a miscarriage & so to deliberately abort a foetus which could be saved medically is just plain evil & goes against the whole purpose of medicine.
4. Society has lost its way so please don't go any further away from 'goodness'.
