to whom it may concern. I am deeply concerned that yet another attempt is being made to allow abortion even up to full term. I cannot believe a woman would leave it that long before asking for an abortion. why? surely an aborted late term baby would mean a very traumatic birth. why should this be allowed to happen when there are many many women who would love to adopt that special child.

How can we, on one hand, spend taxpayers money on abortion, and then spend so many thousands on IVF? this does not make sense. Who says that one baby is more precious than the other? We protect the unborn of animals, yet human babies are not protected.

Our priorities are so very wrong. I ask that this bill will be rejected and that Mr Pyne be told to stop wasting parliaments time and resources.
