I wish to submit my opposition to the abortion bill.

This allows for abortion until birth for viable babies and removes protection for Queensland women and babies.

Too many people think a woman has the right to choose to have an abortion. This is just not so. Just because she is carrying a baby in her body does not give her the right to take another life. YES it is a life from conception!.

Also how can anyone in their right mind think you can just kill babies once they are born? This is a world gone mad and it's time everyone wakes up.
