Subject: Rob Pyne"s Health (Abortion Law Reform) Amendment Bill 2016.
Date: Sunday, 2 October 2016 8:19:40 PM

To the investigating Committee,

I am very concerned that this bill, if passed, would remove existing protection for both women and unborn children. Allowing viable babies to be aborted right up to the point of birth is a very dangerous and retrograde step. Please ensure that this is not allowed to happen.

Yours Faithfully,
David Brownlie.
