Inquiry Secretary  
Parliament House  
George Street,  
Brisbane 4000

Dear Secretary

I wish to inform the Parliament that I am totally against decriminalizing Abortion, I have been informed that annually approximately 10,000 abortions occur, with existing legislation, which is a sad situation.

Providing assistance by the Government and other Charitable Institutions to the needy would be better than the taking of life.

I vehemently oppose the proposed Amendment Bill (Health Abortion Law Reform) to be considered on the 6 October by members of Parliament

Yours faithfully

William Bergin
