Dear Secretary,

I am 13 years old and I am strongly against Rob Pyne's Amended Abortion bill.

I was born one month premature into a family of seven children. I stayed in the special care nursery and was tube fed. In my case doctors gave me great care which helped me thrive. It isn't right that a baby in my situation; aborted, not born, should not be given the love and medical attention needed for a baby of their age to survive because of a mother's choice.

I am now in year 7 at high school and every day I am grateful that I was given the chance to live. In Australia we value every human no matter how young or old, big or small. This bill will damage our babies physically and our women mentally.

Yours faithfully,
Elizabeth Anderson.
