This Bill makes it an offence to make even a silent peaceful protest if you are within a "protected area" of 50 metres from an abortion clinic.

Consider this:

The womb offers **protection** as the babe develops, but you are DENYING any **protection** for thousands of babes who are SCREAMING as they are being aborted. And you are presenting a bill to **protect** the area 50 metres around a clinic!

We all know who needs **protection** here! Shame on you, parliamentarians if you allow this bill to go through! Our society is sadly on a slippery slope to oblivion, if our government does not stand up for what is right, true and just.
