Subject: Re. Abortion Law Reform

Our law, as it stands, recognizes the life of unborn babies and offers women (who may be pressured into aborting) a measure of protection. Decriminalisation / legislation indicates the State believes the unborn are of no account and that both they and the women carrying them are not worthy of protecting.

Abortion is a most violent and abusive act against innocent and defenseless lives. The State has a duty to put in place - and uphold laws that protect and defend innocent life.

I beg you please do pass this Bill.
Sincerely, Jill Lange.
