Dear Committee,

I wish to point out that not only am I against abortion on Christian principals, but that this Bill which allows for abortion until birth for viable babies and removes protection for Queensland women and babies. As a Counsellor working at times with women who have chosen abortion as an option in early life only to have to deal with the immense guilt and shame of having murdered a child later in life is all too common. What seems a viable option at the time, that choice goes on to haunt the remainder of their lives. An abortion to save a life is one thing, but abortion for convenience is totally another.
