To the committee members,

Dear Representatives. This is what you are, you represent the people of Queensland. You are elected to manage the business of this state. The business of this state does not include the abortion of babies in the womb or any other forms of social engineering.

You are not elected to push your own agendas. So I humbly suggest that you deal with this bill as someone's personal agenda, throw it out and get on with the job you were elected to do.

Yours sincerely,
Edward Pitt.
