To the Health Committee,

I bring your attention to the proposed Pyne abortion bills please oppose the Bill and protect children from a mother's choice to abort without satisfactory medical, ethical or moral reason.

We have many couples and families who are waiting to adopt as a way to make a family and would welcome a child born healthy or with special needs to live a full and meaningful life.

I respectfully request that you consider opposing abortion and advocate for adoption.

Kind regards,
