Subject: Submissions proposed Queensland Abortion Bill
Date: Wednesday, 5 October 2016 3:30:03 PM

Attention Queensland Parliament Law Review Committee

In submit that the proposed Bill submitted by The Hon Rob Pyne is against the public interest of all Queenslanders but especially women and unborn children. To propose that a viable pregnancy can be terminated at will is psychologically and physically dangerous and against all moral standards of the Queensland and Australian population.

I therefore urge your Committee to strongly recommend that this proposed bill be withdrawn.

Yours faithfully

David Logan
