Subject: To not allow abortions
Date: Wednesday, 5 October 2016 7:34:21 PM

I Loraine Pheely, wish to ask for your committie, to put a lot of thought before you decide to allow abortions. These are our little children just asking for permission to be given a chance of life.

Who has the right to take away a gift from God. Just think if your parents decided to abort you before birth, you would not have shared a life with friends or family or have had children of your own.

Dont destory the life of our children,because of a few who are selfish and want everything for themselves. Think of the love we have all been given by our children and our grandchildren.

Thank You, for reading this e-mail, and considering my thoughts on this Enormus Decision.

GOD HELP YOU today Loraine Pheely
