Dear Committee,

Further to my submission on the Abortion Law Reform (Woman's Right to Choose) Amendment Bill in which I supported the decriminalisation of abortion, I also support the proposals in the Health (Abortion Law Reform) Amendment Bill 2016. As a package, these bills address the well overdue need for a woman's internationally recognised human right to have an abortion, to be recognised in Queensland law.

I urge the Committee to recommend that both bills are debated and voted on together as a package on the floor of parliament, to reflect the intent of the two pieces of legislation.

Regards

Alison Courtice
