The Honourable Mr Pyne.

Dear Sir,

I wish to lodge my objection to the proposed legislation on the abortion of unborn babies.

Abortion invariably gives rise to psychological issues in the mother – to –be, and should never be performed on demand.

There is always a short- fall in the filling of requests for adoption of babies in this country, such that babies are being sought overseas.

The taking of human life is prohibited in the Holy Bible, and being a Christian myself, I regard it as an extremely serious issue.

In the name of Christ, I am Sir yours sincerely,

Edgar John Bowen
