Dear Committee,

Please do not allow late term abortions in Queensland. If legislation does proceed I propose 2 amendments to Health (Abortion Law Reform) Amendment Bill 2016 :

1. Some women will in hindsight - regret their decision to terminate their baby. I propose that to reduce this occurrence that women be given access to independent counselling so that they are assured of making an 'informed decision' prior to making their final decision.
2. There has been highly publicized selling of foetal body parts in some states of the USA. I propose that a safeguard be specifically included to prevent sales of foetal body parts in Queensland.

Regards
