I am writing to respectfully request that The Pyne Bill 2 re abortion be rejected.

There may be occasional instances when an abortion is warranted, but this sort of bill just opens a 'Pandora's Box' that leads to babies being destroyed for no valid reason - but simply because it is inconvenient or not quite in line with the parental tastes or requirements.

I realise that terminating a pregnancy is not an easy option for most, but there are some people that have no qualms about it, if the pregnancy does not suit them. It should not be that easy.

Please do not let this bill go through, as the ramifications, not just to children but to society as a whole, are way too huge to even contemplate.

Thank you.

Kind regards
