I was devastated to hear of a 2nd proposed Abortion Law Reform Amendment Bill. That's why I'm asking you **NOT to make changes to the Abortion Law Reform.**

Let's leave things in line with the Criminal Code, the United Nations and the International Covenant on Civil and Political Rights. **It's the right thing to do.**

In all conscience and with full and neutral thought – a 5 or 25 week old foetus is a growing baby; it is alive. This Bill proposes to remove, terminate, kill, stop – any verb you want to use – life itself.

Can you help me, an ordinary Queenslander, to support women and their babies. The struggle is real but the alternatives to abortion really are positive, safe and life affirming.

Be strong, be brave and I trust all QLD parliamentarians will make the right conscience vote so you oppose what you know is gravely wrong. Life is what matters.

I'm sure you agree that children are the lifeblood of our society – their vibrancy and optimism is what makes our future for our great state and nation full of hope.

The ***protection of life and innocence is definitely worth fighting for!***

Thank you for very much for taking the time to read this. I appreciate it a lot.
