Honourable members of parliament,

This bill was soundly defeated in recent months. How is it this similar version was allowed to re-appear in so brief an interval? More so, Why was it allowed in? My plea to the honourable members is to let this matter fall on its sword. Queensland does not need measures like those proposed in this bill - and which were defeated on reasoned grounds in recent months.

Governments are extended in managing necessities. Let us allow them room to perform well.

Respectfully,

Miss Lynette Doring
