Public Health (Exclusion of Unvaccinated Children from Child Care) Amendment Bill 2013

Here is my submission:

I have two healthy children, both unvaccinated. One is currently in child care. I work part time while he is in care. I am a conscientious objector to vaccination. If this proposed bill was passed, then people like me would be unfairly discriminated against and would not be able to get child care for our children. Under no circumstances of bullying or whatever will I allow my children to be poisoned with vaccinations. I feel that strongly about this. I have my own business so contribute to the economy and require child care. This bill will unfairly hurt people like me.

Thank you.

Elizabeth James
