Subject: QLD exclusion of unvaccinated children from child care amendment Bill 2013
Date: Tuesday, 9 July 2013 6:04:30 PM

"I do not support in any way compulsory vaccination, we must always have a choice. Vaccination is a medical procedure and no matter how safe some believe it to be. Vaccines come with real risks and therefore parents must be encouraged towards informed choices around medical procedures for their families.

Love & light

Alain Romary,
