Dear Sir / Madam,

**RE: Public Health (Exclusion of unvaccinated children from childcare) Amendment Bill 2013**

I am writing to voice my objection to the proposed bill as:

- It is unfair as a child may miss out on early education and social contact;
- It should remain the choice of the individual (or parent) to vaccinate or not;
- Those parents choosing to decline vaccinations make a conscious decision to do so (that is, it is not out of laziness) and
- It will only lead to further restrictions, for example full compliance with the Vaccination schedule will become mandatory to attend childcare, kindergarten and eventually school.

I hope that you will not endorse this bill.

Yours sincerely,

[REDACTED]  
Hildegard Bienholz
