Subject: Public Health (Exclusion of Unvaccinated Children from Child Care) Amendment Bill 2013
Date: Wednesday, 10 July 2013 7:59:32 PM

Dear Sir/Madam,

This bill is unlawful and is an act of discrimination.

We need to maintain the rights of both vaccinated and unvaccinated children and those with a conscientious objection or a medical exemption should have equal rights.

We cannot discriminate entry to schools and childcare centres on the grounds of mental health, we also cannot discriminate on the grounds of the parents legal right not to vaccinate.

This also flies in the face of evidence. Those that are vaccinated are supposedly protected. There is NO PROOF that those that are unvaccinated are carriers of any form of disease, in fact the opposite is true, those that are vaccinated are the carriers of viruses and are often contagious for a period of time.

This bill is illegal on many grounds and should not be passed.
