Dear Sir/Madam

I wish to complain about the fact that a billboard advertising a strip club has just been put up opposite the Enoggera Army barracks in Brisbane. This is no accident that this particular site was chosen by the owners of the Strip club. As a concerned citizen I am disgusted that the Sex Industry is using this type of advertising to ruin our young men and families. Please legislate to ban this type of advertising in public places.yours faithfully

Lindy Stevenson
