Subject: Please consider our children
Date: Monday, 24 June 2013 9:32:13 AM

Public display boards reflect what our land considers ok as a display to place before our vulnerable children.

When clever, suggestive, titilating, scantily clad women appear on public display, what are we up to? Is nothing sacred any more?

We grieve at the demise of women like Jill Maher, we must ask ourselves if we are encouraging that very behaviour.

Sincerely,

Michael Cox
