To whom it may concern, and whom it should concern,  
As a parent, i ask you to please consider Queensland's youngest citizens when you review the guidelines for public messages. Our children deserve an environment free of sexually explicit material, and for that matter also violent / frightening imagery. What they see in their environment, not only on television screens, shapes the adults they become, and the values and behaviour of society as a whole.

Jillian Hudson

Concerned parent and Queenslander
