Subject: Our family is against 'SEXUALISED PUBLIC SPACES'

From the Guerrero Family - [REDACTED] Dakabin 4503.

Our family is against 'SEXUALISED PUBLIC SPACES'

Our family is located in the Brisbane area. We are an American-Australian family and came to Australia to provide a better and safer upbringing for our kids. [REDACTED]
[REDACTED]

One part of creating a cleaner environment for them is to shield them from the filth of the world. We do this, via avoiding television and media that would contain images/music that would try to provide immoral guidance to kids and youth.

When we leave our house, we have difficulty for a large portion of outdoor advertising - some of it and it's creators, wish to inflict their non-family images and messages, upon our children - when we are out and about. Often, they will target our children's schools and area's where children and youth frequent, including popular family area's.

We want this to stop in Queensland and eventually the nation of Australia.

Thank you for hearing our opinion on this issue.
