Submission to the Health, Environment and Agriculture Committee in support of Robbie Katter's Termination of Pregnancy (Live Births) Amendment Bill 2024.

Our appalling, destructive, barbaric behaviour as a nation towards the unborn is surely brought to an unthinkable climax in failing to save the lives of babies surviving the abuse of abortion.

I bring to your attention these articles from the Universal Declaration of Human Rights:

Article 1

All human beings are born free and equal in dignity and rights. They are endowed with reason and conscience and should act towards one another in a spirit of brotherhood.

Article 3

Everyone has the right to life, liberty and security of person.

Article 7

All are equal before the law and are entitled without any discrimination to equal protection of the law. All are entitled to equal protection against any discrimination in violation of this Declaration and against any incitement to such discrimination.

These articles surely speak for themselves in support of the proposed Amendment Bill.
