### Submitter Comments:

Dear Health, Environment and Agriculture Committee,...I was inspired to write a submission to this committee after reading an article in the Courier Mail on 09-Apr-2024 by Des Houghton.....I support this legislation for the following reasons....1) It is important to codify the current Queensland Clinical Guidelines for Termination of Pregnancy last updated in October 2023 to allow more consistency across all hospitals in Queensland.... 2) It would bring QLD into line with other Australian jurisdictions like NSW and South Australia who have recently in the past five years done legislation to the same effect.... Thanks for taking the time to consider my submission.
