Submitter Comments:

I wholeheartedly support this Bill to provide appropriate medical care to children born alive after a termination of the pregnancy. The wording of the NSW and SA legislation express clearly my opinion: To avoid doubt, the duty owed by a registered health practitioner to provide medical care and treatment to a person born as a result of a termination is no different than the duty owed to provide medical care and treatment to a person born other than as a result of a termination. I endorse the acceptance of this Bill to ensure children born from an unsuccessful termination are provided appropriate medical care and urge the Committee to approve it.
