Submitter Comments:

As we become aware of the guttering number of live births after late term abortions, I am horrified to think that my state allows these innocent babies, conceived without consent and aborted without consent, are left to die without compassion or dignity. I agree with Bob Kater - "Leaving them alone to die in a room by themselves or in a medical waste bin or wherever should be something that should not even be contemplated." it would seem we have legislation to protect all our vulnerable - except these our most vulnerable.
