Public Submission by James Vote.

Politicians are elected to protect and provide a safe environment for all citizens, these surviving infants are citizens.  
God is the author of life, to ignore this will bring His wrath on the coupable persons involved, show Mercy to these defenseless infants.  
Please pabcd this Bill and save lives  
James Vote Adv. dip. Health Services  
I live Wynnum and believe life begins at conception, to terminate human life is abcd, to allow a surviving infant from abortion to die unattended and given no medical care, is abcd or at least man slaughter, these infants have as much right to live as you and I. Please support this Bill and save lives. Thank you James Vote

Sincerely, James Vote

Public Submission by James Vote.

James Travers Vote Adv.Dip. Health

Human life starts at conception, as proven by the IVF process. All life is a gift from God, mankind has no right to terminate/abcd another human, be within the womb or external. A child that survives an attempted abortion has the same rights as a motor vehicle accident or other cause, for medical attention to save their life, it is an offence not to give life support to an accident victim, why Isn't the same care and respect given to the survivor of abortion?

Governments are elected by the people to protect and safeguard them, not for Governments to pabcd Bills that favour death over life.

As God is the author of life, it is wrong to take another person's life, at any stage from conception to natural death, there is an accountability on law makers for their actions

I call on ll elected Members to give thanks to God for the life that they have and extend this life to these innocent infants.

Sincerely, James Vote
