Failure to do so is infact a form of abcd by neglect. These little ones are human beings. I am also convinced that allowing them to die is emotionally damaging for the staff involved. Our culture has had the commandment re abcd at the heart of its value system. To reverse that by neglect is still damaging for the integrity of our whole system of justice for all. There is a loss of ideals in our young nation as many of the young struggle to believe for the future. This is specially so for our youth--with whom I have worked since school teaching days. Please grant the gift of continued life to these defenceless ones. If overseas power plays continue we may also need them as part of defending our country in the future. G'day. I'm a pastor having ministered for over 50 years. I've sought to help people cope with the sadness of loss of a baby and to help people find a purpose for their lives.

Sincerely, [REDACTED]
