Public Submission by Martine Plumbe.

Life is so precious and these lives are innocent. If this Government fails to pass this legislation, our society is certainly spiralling downhill quickly...

Please take heed. I recommend that the Parliament pass this legislation.

Hi, my name is Martine and I live in North Queensland. I am a regional coordinator for Christian Religious Instruction in State Schools, after many years as a Registered Nurse.

These newborn babies can feel pain just like you or I. Post abortion, they are vulnerable and in pain. They need medical care even if their lives are cut short.

Post abortion babies born alive are the most vulnerable in our society. The Government needs to protect them.

Sincerely, Martine Plumbe
