Public Submission by Glen Vonhoff.

Hello. My name is Glen and I am a retired Real Estate Agent and farmer from the South Burnett. I can't believe that we just leave babies born alive to suffer and die from exposure or whatever. How barbaric is this? These are human lives and deserve to be cared for and live. To care for a helpless baby who has been delivered alive is a fundamental right of every human being and there is an inherent responsibility by those in Government to deliver that right. If, sadly, the Government does not pass this legislation, then the death of these babies falls on the heads of those who vote against this bill. The lives of these babies are in your hands. Please, as you the committee looks at this legislation, examine your consciences and choose life. Urge the Parliament to pass this legislation.

Sincerely, Glen Vonhoff
